

CANCELLATION POLICY

A missed dental appointment presents problems for us both. For you, a missed dental appointment causes a delay in treatment that was recommended to help improve your dental health. For our office, a missed dental appointment prevents us from scheduling another patient that could benefit from treatment. We schedule individual time with each patient to allow us to deliver the quality, personal care that every patient deserves.

We understand that things happen and schedules do change so we ask that you provide us with at least 48 hours notice for any notice for changes. Failure to provide at least a 48 hour notice for changed appointments will result in a \$25.00 fee for any appointment that does not require a non IV sedation and \$50.00 for a non IV sedation appointment.
